Mr William M Berens, Mayor
City of Broomfield
One DesCombes Drive
P O Box 1415
Broomfield, Colorado 80038-1415

Dear Mr Berens

This is in response to your letter concerning the exceedances of the Plutonium standard that were measured in Walnut Creek in late June and early July of this year. We share your concern on this matter and want to assure you that the three agencies are working with staff from the cities in designing the investigation and remedy.

Our three organizations look forward to the opportunity to brief you and the Broomfield City Council, on October 28, 1997, on the status and current thinking about the problem and on future steps to be implemented. In the meantime, we will continue to keep your staff apprised of all developments in this effort through weekly status reports, and by inviting them to all meetings held on this subject.

Please call any one of us, if you have any questions about the status of this issue.

Sincerely,

Steve Slaten
